

**Personal Assistant Services
Aging and Physical Disabilities
Module
Table of Contents**

SECTION I - OVERVIEW	I-1
A. Services and continuum of care	I-2
B. Independent living.....	I-3
C. Roles and responsibilities of DSP	I-3
1. Training	I-3
2. Scope of practice.....	I-3
D. Ethical principles	I-4
SECTION II -LEGAL AND ETHICAL ISSUES.....	II-1
A. Overview	II-2
1. Review of definitions	II-2
2. Avoiding legal action	II-2
3. Consumer rights and dignity.....	II-3
4. DSP rights	II-3
5. Confidentiality.....	II-3
B. Vulnerable adult abuse	II-4
1. Definitions and examples	II-4
2. Indicators/Signs	II-4
3. Causes/profile of the abuser	II-5
4. Prevention	II-5
5. Reporting requirements (Mandatory reporting)	II-5
6. Legal penalties	II-6
7. Other	II-6
SECTION III - SUPPORT/CARE PLANS	III-1
A. Development	III-2
B. Importance of following support/care plans.....	III-2
C. Documentation and reporting	III-2
SECTION IV - BIOLOGICAL ASPECTS OF AGING.....	IV-1
A. Heart and lungs.....	IV-2
1. Biological changes	IV-2
2. Implications for care	IV-2
B. Kidneys and bladder.....	IV-2
1. Biological changes	IV-2
2. Implications for care	IV-2
C. Muscles, bones, tendons, and ligaments.....	IV-4
1. Biological changes	IV-4
2. Implications for care	IV-4
D. Nervous and immune system	IV-4
1. Biological changes	IV-4
2. Implications for care	IV-4
E. Brain, intelligence, and memory	IV-5

1. Biological changes	IV-5
2. Implications for care	IV-5
F. Vision.....	IV-5
1. Biological changes	IV-5
2. Implications for care	IV-5
G. Hearing.....	IV-6
1. Biological changes	IV-6
2. Implications for care	IV-6
H. Digestion, taste, smell, mouth, and teeth.....	IV-6
1. Biological changes	IV-6
2. Implications for care	IV-6
I. Skin, Hair and Fingernails	IV-7
1. Biological changes	IV-7
2. Implications for care	IV-7
SECTION V - ACUTE AND CHRONIC CONDITIONS.....	V-1
A. Therapeutic interventions	V-2
B. Acute versus chronic illnesses	V-2
1. Differences	V-2
2. Joints and bones	V-2
3. Heart.....	V-4
4. Lungs—Chronic Obstructive Pulmonary Disease (COPD).....	V-5
5. Brain and nervous system.....	V-6
6. Diabetes	V-8
7. Urinary System.....	V-11
8. Stomach and colon.....	V-12
9. Immune system	V-13
SECTION VI - PHYSICAL DISABILITIES.....	VI-1
A. Therapeutic interventions	VI-2
B. Differences.....	VI-2
C. Spinal Cord Injuries (SCI).....	VI-2
1. Autonomic Dysreflexia (Hyperreflexia):	VI-4
2. Bowel care and bladder management.....	VI-6
D. Multiple Sclerosis (MS)	VI-7
1. Exacerbation	VI-8
2. Progressive	VI-8
E. Amyotrophic Lateral Sclerosis (ALS).....	VI-9
F. Muscular Dystrophy (MD).....	VI-9
SECTION VII - SEXUALITY ISSUES.....	VII-1
A. Aging.....	VII-3
B. Disability	VII-3
SECTION VIII - PSYCHOLOGICAL AND COGNITIVE CONDITIONS	VIII-1
A. Anxiety.....	VIII-2
1. Signs and symptoms	VIII-2
2. Behavioral issues	VIII-2
3. Communication techniques	VIII-2
4. Treatment/Management	VIII-2
B. Depression.....	VIII-3

1. Signs and symptoms	VIII-3
2. Behavioral issues (related to symptoms).....	VIII-3
3. Communication techniques	VIII-4
4. Treatment/Management	VIII-4
SECTION IX - DEMENTIA SPECIFIC CARE	IX-5
A. Overview	IX-7
1. Types of Dementia	IX-7
2. Stages of Alzheimer's Disease.....	IX-8
B. Communication strategies.....	IX-8
1. Verbal	IX-8
2. Nonverbal	IX-8
C. Difficult behaviors	IX-10
1. Causes	IX-10
2. Types.....	IX-10
3. Tips.....	IX-10
4. Other	IX-11
D. Activities of daily living	IX-11
1. Personal hygiene.....	IX-11
2. Activities	IX-13
E. Pain Management Techniques.....	IX-14
1. Non-pharmacological	IX-14
2. Pharmacological.....	IX-14
F. Safety Concerns	IX-14
SECTION X - END-OF-LIFE ISSUES.....	X-1
A. Review of dying process.....	X-2
B. Emotional issues.....	X-3
1. Consumer and family	X-3
2. DSP	X-3
C. Responding to changing care needs.....	X-4
